The diagram illustrates the relationship between Depth, Breadth, and Height in a hierarchical structure. It features three clouds at the top labeled "Deeper", "Broader", and "Higher". Below these, a grid of colored squares (dark blue, medium blue, light blue, and light grey) represents different levels of the hierarchy. The "Deeper" column shows a vertical stack of squares, with the bottom-most square labeled "1A-8". The "Broader" column shows a horizontal stack of squares, with the right-most square labeled "W w". The "Higher" column shows a vertical stack of squares, with the top-most square labeled "/BG". The squares are arranged in a way that suggests a progression from left to right (Deeper to Broader) and from bottom to top (Lower to Higher).
